POLICY DOCUMENT ON THE GREEN CAMPUS/PLASTIC FREE CAMPUS

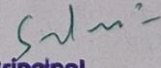

The Green Campus Policy aims to create a Clean and Green Campus where eco-friendly activities encourage sustainable practices both on and off campus. Additionally, it gives a chance to redefine its environmental culture by encouraging staff and students to practice environmental ethics.

OBJECTIVES:

- To protect and preserve ecological systems and natural resources within the campus.
- To foster a sense of environmental awareness among the students and the staff to minimize the use of polluting products and use more environmentally friendly products and services.
- To raise public awareness of environmental issues through the planning of events, clean-up campaigns, rallies, seminars, tree plantation drives, essay writing competitions etc.
- Effective use of conventional energy sources for meeting everyday energy needs, proper management and disposal of various kinds of waste.

Initiatives to Implement the Green/Plastic free campus

- Landscaping with Trees and Plants
- Plastic Free campus: The use of single-use plastic is completely prohibited in college campus and in all significant college meetings and events organized according to college administration policy.
- Environment Centric Awareness Activities: The college supports environmental awareness initiatives, plantation programmes, cleanliness drives both on and off campus, and environmental day celebrations.
- Clean Campus Drive: The college actively encourages staff and students to maintain a clean and green campus in compliance with Swachh Bharat Abhiyan.
- Rainwater Harvesting for water conservation: Rainwater from the tanks is transported to the soak pit in order to replenish the groundwater.
